The Climate Transparency Platform in a Nutshell

CBIT Global Coordination Platform

Global Support Programme

Climate Transparency Platform

Main Requirements of the Climate Transparency Platform

1 - Transparency project information

Ongoing and upcoming in-country, regional and global initiatives through a project database.

3 - Transparency resources

A library of practices, methodologies and guidance, including Paris Rulebook and CGE.

5 - Platform for requesting support

A platform and forum for requesting assistance with country reports and transparency issues

2 - Transparency country information

Profiles with information on progress on NCs and BURs, self-assessed needs, and CBIT projects.

4 - Interactive user-driven forum

Information exchange and online tools for peer learning, coordination for regional MRV and transparency networks.

CBIT GSP

Stakeholder Consultations for the Platform

During Q2 2022, 5 consultations held with transparency experts, country & project focal points, and international agencies & initiatives
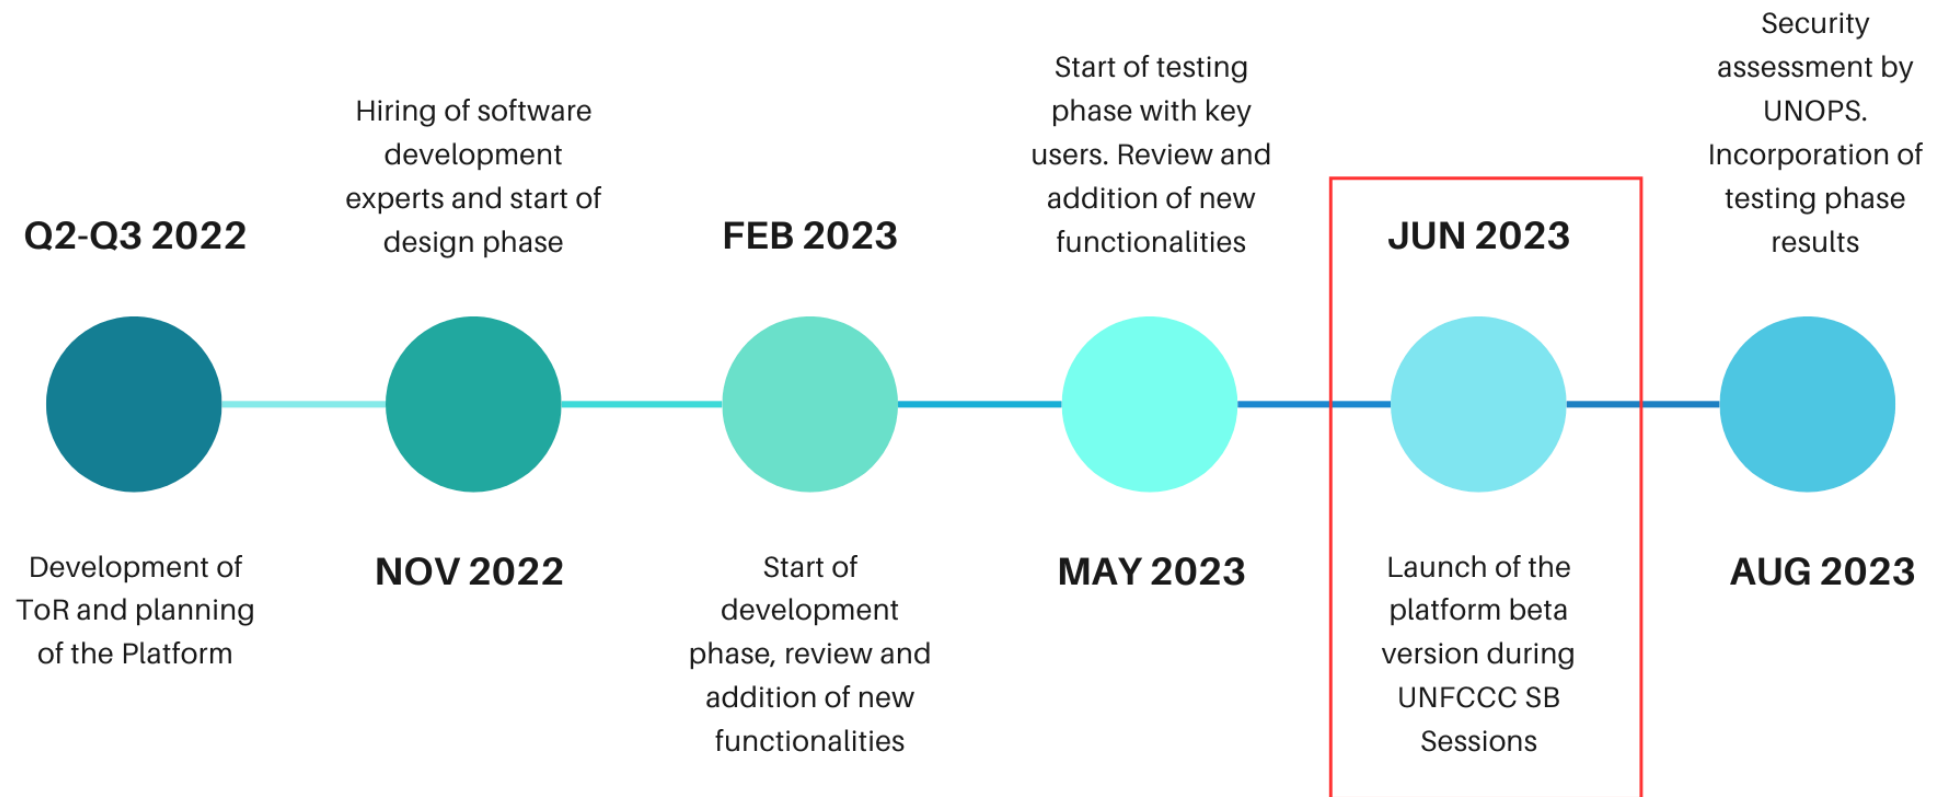

Objective:

- Identify and define key functionalities
- Identify challenges and areas to address, from experience in previous platforms
- Define new features e.g., request for support, stakeholder roles, forum, and regional transparency networks
- Identify useful features to show in the main pages and interactive maps
- Agree on national transparency information relevant to feature in country pages

JUN 2023
Launch of the platform beta version during UNFCCC SB Sessions

Security assessment by UNOPS. Incorporation of testing phase results
AUG 2023

CBIT GSP

Climate Transparency Platform – Built by the Global Transparency Community

Shared responsibility as the key to maintain engagement and up-to-date information

The wider transparency community has an integral role in building and improving the Platform

Overall coordination and maintenance of the Climate Transparency Platform.

Collaboration with Agencies and Project focal points for maintenance and update of country information, reports, and project pipeline.

Agency profiles ensure the update of each agency's project pipeline, events, knowledge products, etc.

CBIT-GSP ADMIN TEAM

NOMINATED COUNTRY REPRESENTATIVES

TRANSPARENCY AGENCIES & INITIATIVES

Project-level coordination. Maintenance and update of project information.

Moderators of Transparency Networks. Ensuring network & country information is up to date.

PROJECT MANAGERS & FOCAL POINTS

CBIT-GSP NETWORK COORDINATORS
