

Training workshop for Eurasia, Central Asia and the Caucasus : Deep dive into tracking NDC mitigation commitments under the Paris Agreement Introductory Webinar 06 July 2023

**Fatima-Zahra Taibi, Global Coordinator CBIT-GSP
UNEP-Copenhagen Climate Centre**

Background

Workshop co-organized:

- The Capacity Building Initiative for Transparency - Global Support Programme (CBIT-GSP)
- Central Asian Hub - CAREC

Hosted by:

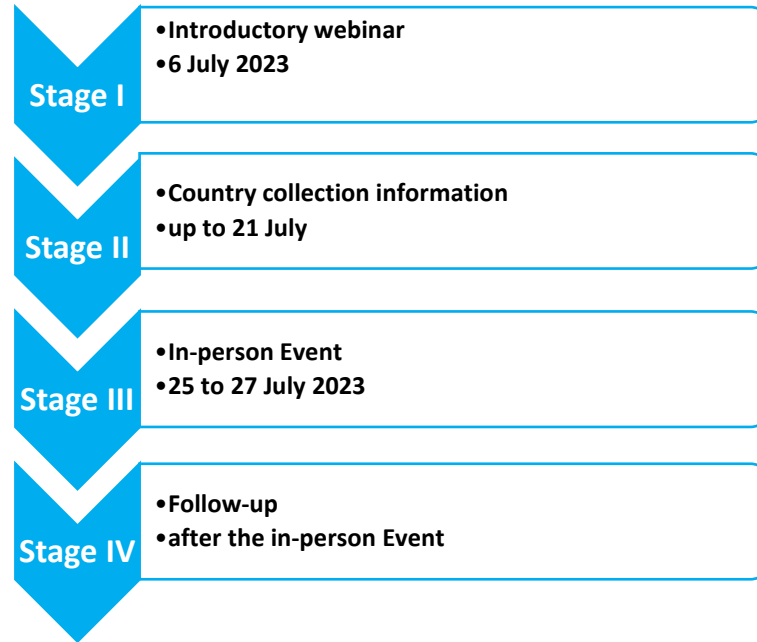

- The Government of **Kazakhstan**

Objective

Support country teams in technical understanding **the reporting process for NDC mitigation** commitments and associated requirements.

- Provide national mitigation teams with useful information and experiences to facilitate their reporting, including:
 - Preparing for use of the common tabular format;
 - The use of modeling tools for determining scenarios and projections and how they can be used for tracking NDCs;
 - The use of select NDC tracking tools.
- Get a kick start in tracking NDCs through the use of real country data and own NDC.
- Exchange experiences and lessons learned, corresponding to the application of tools and systems for mitigation assessment, tracking and reporting.
- Identify common challenges and opportunities for collaboration among country teams on mitigation assessment, tracking and reporting.

Approach

Introductory webinar

Objective: Introduce the training and the main concepts and provisions for NDC tracking and give guidance to participants for the preparation of the next stages provides instructions and tools to the participants for the preparation of the next stages of the training :

Content:

- Introduction to ETF reporting requirements
- Introduction to mitigation tracking in the context of UNFCCC, data compilation, UNFCCC templates. existing tools for BTR preparation, indicators and projections.
- Practical case on NDC tracking
- Guidance for following stages: Data needs for following stages II and III of the Workshop. Presentation of templates to be filled as a part of the workshop

In-country data collection

Objective: Gather the necessary data for use during the in-person training and get familiarized with own NDC – **Critical stage for the success of the in-person training**

Content:

- Familiarization with NDC
