Objective of the Climate Transparency Platform

Provide countries and support providers with a one-stop shop for transparency on climate transparency

1 - Transparency project information

Ongoing and upcoming in-country, regional and global initiatives through a project database.

3 - Transparency resources

A library of practices, methodologies and guidance, including Paris Rulebook and CGE.

5 - Platform for requesting support

A platform and forum for requesting assistance with country reports and transparency issues

2 - Transparency country information

Profiles with information on progress on NCs and BURs, self-assessed needs, and CBIT projects.

4 - Interactive user-driven forum

Information exchange and online tools for peer learning, coordination for regional MRV and transparency networks.

Climate Transparency Platform – Built by the Global Transparency Community

A platform for and by the Climate Transparency Community

- The Climate Transparency Community has an integral role in building and improving the Platform
- Shared responsibility among all to keep it updated and useful for everyone

Please engage in the platform and make it your own space. We are very curious to hear your feedback and ideas!

User Role: Agency Focal Point

Agency Focal Points

The screenshot shows the user interface for an Agency Focal Point. At the top left is the CAREC logo, followed by the text "Regional Environmental Centre for Central Asia (CAREC)". To the right, it says "Ongoing Projects" with a large "0" next to it. Below this, the "Agency Focal Point" is identified as "Oxana Kravtsova" with her email "okravtsova@carececo.org" and a profile icon. A navigation bar contains "EDIT", "DELETE", and "REVISIONS" buttons. The main content area is titled "OVERVIEW" and contains three paragraphs of text describing CAREC's mission and history. At the bottom, there are two expandable sections: "Featured" (collapsed) and "How to Access Support" (expanded). A second "OVERVIEW" section is visible at the very bottom of the page.
