

## REQUEST FOR SUPPORT FOR CLIMATE TRANSPARENCY<sup>1</sup>

### 1. NATIONAL CONTACT

**Country** Vietnam

**Contact name** Ms. Thi Thanh Huong Chu

**Email** chuthanhhuong@gmail.com

**Position** Head of Climate Change Department

**Institution** Ministry of Natural Resources and Environment

### 2. INFORMATION ON SUPPORT REQUESTED

**Title of activity** *Please include a title that summarises the specific topic of the support request.*  
Workshop on Implementing 2006 IPCC Guidelines and IPCC Inventory Software: Enhancing National GHG Emissions Estimation

**Objective and description** *Please describe the objective of the support requested, e.g., improving institutional arrangements, developing specific technical capacities, etc. and how the requested support will address the country's needs in enhanced climate transparency?*  
The primary objectives of this training workshop are to provide participants with a comprehensive understanding of the 2006 IPCC Guidelines for National Greenhouse Gas Inventory in all Sectors. Participants will explore the fundamental principles, methodologies, and reporting requirements outlined in these guidelines, with a specific focus on their practical application.

**Time frame** *Please describe the expected time frame of the support requested, e.g., from May to September 2023, October 2023.*  
May 2024 to September 2024

**Recipient entity** *Please describe the recipient entity of the support requested.*  
Department of Climate Change, Ministry of Natural Resources and Environment

**Area** *Please choose the relevant area(s) of support that is being requested.*

☒ Institutional arrangements for transparency

☒ Report development (Natcom, BUR, BTR, NIR, etc.)

☒ GHG Inventory ☐ NDC tracking ☐ Mitigation actions

☐ Adaptation and impacts ☐ Loss and damages ☐ Support needed/received

☐ Other (please specify) [Click here to specify.](#)

**Channel** *Please choose the channel of support that is being requested.*

☐ Multilateral cooperation ☐ Bilateral cooperation ☐ Regional cooperation

☒ Webinar ☐ Online workshop or training ☒ In-country workshop or training

<sup>1</sup> This concept note has been developed in line with [Table III.3 of Annex III \(Decision 5/CMA.3\)](#) in order to support countries for reporting information on support received for implementation on Article 13 of the Paris Agreement on transparency-related activities, including for transparency-related capacity-building.

- ☐ Peer-review or simulation of ICA process
 ☐ Hands-on expert support
 ☐ Consultancy services
- ☐ Other (please specify) [Click here to enter text.](#)

**Use, impact and estimated results**

*Please describe the expected use, impacts and estimated results of the support requested.*

- Comprehensive Understanding of IPCC 2006 Guidelines; Gained a thorough understanding of the fundamental principles, methodologies, and reporting requirements outlined in the 2006 IPCC Guidelines for National Greenhouse Gas Inventory across all five sectors.
- Developed the ability to apply these guidelines in practical settings to accurately measure and report greenhouse gas emissions; Knowledge of Biennial Transparency Report Requirements; Familiarized themselves with the Biennial Transparency Report requirements under the Paris Agreement and its Enhanced Transparency Framework (ETF).
- Understood the importance of adhering to these requirements for effective greenhouse gas reporting and monitoring; Practical Training on National Inventory Document Development; Learned how to develop a comprehensive national inventory document that aligns with IPCC and UNFCCC standards.
- Gained hands-on experience in employing the common reporting table for efficient and accurate reporting of inventory data; Exchange of Experiences and Lessons Learned; Engaged in discussions and exchanges of experiences and lessons learned related to the application of IPCC and UNFCCC tools and systems for reporting inventory data with ETF provisions.
- Fostered a collaborative environment where participants can learn from each other's successes and challenges in implementing sustainable practices in their respective sectors.

**Additional information (Current context and reason for requesting the support)**

*Please shortly describe the current context of transparency in your country in which this support will come in and explain the reasons for requiring support in this specific area. Please also state if you have received or receiving similar support in this area (e.g., CBIT, GEF Enabling Activities, ICAT, UNDP, RedINGEI, GSP).*

Vietnam has submitted three National Communications (NCs) and three Biennial Update Reports (BURs) to the UNFCCC. Vietnam is also one of the few countries who submitted a National Inventory report in 2021. The country is now making rapid progress towards implementing the ETF and developing its first Biennial Transparency Report (BTR). The country is seeking to develop the capacity of its participants to create a comprehensive national inventory document that adheres to IPCC and UNFCCC standards. The hands-on training on the common reporting table will ensure efficient and accurate reporting of inventory data. The country recognizes the need to equip its participants with a deeper understanding of the principles, methodologies, and reporting requirements outlined in the 2006 IPCC Guidelines across all five sectors. This will enable them to accurately measure and report greenhouse gas emissions within their national context. By organizing an in-country workshop, the country can facilitate the exchange of experiences and lessons learned among its own stakeholders, including government officials, industry representatives,

and experts. This collaborative approach will help identify and address challenges in implementing sustainable practices within the national context. The workshop allows the country to tailor the training content and delivery to its specific needs and circumstances. This ensures the relevance and applicability of the knowledge and skills gained by the participants, ultimately supporting the country's efforts towards accurate greenhouse gas measurement and reporting for ETF of the Paris Agreement.

### 3. PROPOSED ACTIVITIES AND ESTIMATED BUDGET

*Please provide a description of the proposed activities and the estimated budget for the requested support, including country's co-financing.*

**Activity 1 (26-30 August).** Planning to organise an in-country workshop on GHG inventory for all five sectors.

**Table 1. Estimated budget for the requested support**

| <i>Item/activity</i>                  | <i>Amount</i> | <i>Cost (USD)</i> | <i>Subtotal (USD)</i> |
|---------------------------------------|---------------|-------------------|-----------------------|
| <b>CBIT-GSP financing</b>             |               |                   |                       |
| Item 1.                               | Amount.       | 0,000.            | 0,000.                |
| Item 2.                               | Amount.       | 0,000.            | 0,000.                |
| Item 3.                               | Amount.       | 0,000.            | 0,000.                |
| Item 4.                               | Amount.       | 0,000.            | 0,000.                |
| Item 5.                               | Amount.       | 0,000.            | 0,000.                |
| <b>(1) Total CBIT-GSP financing</b>   |               |                   | <b>0,000.</b>         |
| <b>Country Co-financing</b>           |               |                   |                       |
| Item 1.                               | Amount.       | 0,000.            | 0,000.                |
| Item 2.                               | Amount.       | 0,000.            | 0,000.                |
| Item 3.                               | Amount.       | 0,000.            | 0,000.                |
| Item 4.                               | Amount.       | 0,000.            | 0,000.                |
| <b>(2) Total Country Co-financing</b> |               |                   | <b>0,000.</b>         |
| <b>(3) TOTAL (1)+(2)</b>              |               |                   | <b>0,000.</b>         |

*Note: Table 1 can be completed with support from CBIT-GSP Regional Network Coordinator*
