Objective *Please describe the objective of the support requested, e.g., improving institutional arrangements, developing specific technical capacities, etc. and how the requested support will address the country's needs in enhanced climate transparency?*

Increase the knowledge of the national team of Turkmenistan under the Ministry of Environmental Protection and UNDP, which are the main responsible bodies for climate reporting and transparency, to develop the BTR roadmap for Turkmenistan and discuss the ways of using the flexibility provisions.

Expected outcome

Please describe the expected outcome of the support requested.

The BTR Roadmap has been developed to accommodate main reporting areas under the BTR and the awareness about the flexibility provisions is improved.

4. Current context and reason for requesting the support

Please shortly describe the current context of transparency in your country in which this support will come in and explain the reasons for requiring support in this specific area. Please also state if you have received or receiving similar support in this area (e.g., CBIT, GEF Enabling Activities, ICAT, UNDP, RedINGEI, GSP).

At present, at the national level BUR project is under its finalization in Turkmenistan. It is implemented by UNDP Turkmenistan project. In order to further build on the project outputs and report, the Turkmenistan is ready to start its first BTR development, which is due to the end of 2024.

The national team in the face of the Ministry of Environmental Protection of Turkmenistan kindly requests the CBIT-GSP to support the team in navigating through the development of the BTR roadmap to discuss existing situations with data collection and available information via BUR, and discuss the deadlines of BTR submission.
