Objectives

- **The training aims to provide a general overview of reporting requirements under Article 13 of the Paris Agreement, focusing on key elements identified to fast-track BTR development in The Gambia**
- **The training will enhance the capacity for technical preparation of the Biennial Transparency Report (BTR), including practical hands-on exercises to identify relevant information in the BUR, NDC, and other sources for use in the future**

Objectives

Specific Objectives

- To provide participants with an understanding of key components/contents of BUR and BTR
- Promoting the understanding of provisions related to modalities, procedures, and guidelines (MPGs) for the enhanced transparency framework of the Paris Agreement (ETF - Article 13)
- Practical hands-on exercise, including using the ETF | PROGRESS Reporting Tool
- Practical hands-on exercise on identifying relevant information in the BUR/other sources for use in future BTR in all the IPCC sectors
