Enhanced transparency framework (ETF)

Article 13 of the Paris Agreement:

- 1. In order to build mutual trust and confidence and to promote effective implementation, an enhanced transparency framework for action and support, with built-in flexibility which takes into account Parties' different capacities and builds upon collective experience is hereby established
- 2. The transparency framework shall provide <u>flexibility</u> in the implementation of the provisions of this Article to those developing country Parties that need it in the light of their capacities. The modalities, procedures and guidelines referred to in paragraph 13 of this Article shall reflect such flexibility

Technical expert review (TER): Scope

Technical expert review consists of:

- » Review of the consistency of the information submitted under Article 13.7 and 13.9 with MPGs, taking into account the flexibility accorded to those developing countries that need it in the light of their capacities;
- » Consideration of the Party's implementation and achievement of its NDC;
- » Consideration of the Party's support provided, as relevant;
- » Identification of areas of improvement for the Party related to implementation of ETF;
- » For those developing country Parties that need it in the light of their capacities, assistance in identifying capacity-building needs.

Technical expert review teams shall not:

- » Make political judgments;
- » Review the adequacy or appropriateness of a Party's NDC under Article 4 of the Paris Agreement, of its associated description pursuant to chapter III.B of the MPGs, or of the indicators identified in chapter III.C of the MPGs;
- » Review the adequacy of a Party's domestic actions;
- » Review the adequacy of a Party's support provided;
- » For those developing country Parties that need flexibility in the light of their capacities, review the Party's determination to apply flexibility that has been provided for in the MPGs, including the self-determined estimated time frames for areas of improvement in relation to capacity constraints, or whether a developing country Party possesses the capacity to implement that specific provision without flexibility.
