

Armenia's Nationally Determined Contributions (NDC) 3.0 Development and Links with Transparency Framework

*Embedding transparency practices in NDC 3.0 for the countries of Eurasia, Central Asia and the Caucasus, Middle East and North Africa
February 18th, 2025 | Format: online*

Diana Harutyunyan
Climate Change Programme Adviser, UNDP Armenia

Status of NDC Preparation

- Preparation of NDC 3.0 initiated by the Ministry of Environment, requesting support from NDC Partnership in March 2024.
- Request was supported under UNDP Climate Promise Project funded by BMZ.
- UNDP CO in the frames of Climate Promise Project developed detailed Terms of Reference based on UNDP instructions and guidelines in consultation with the Ministry of Environment.
- Competitively selected consortium of 2 companies was contracted.
- NDC 3.0 preparation was initiated from December 2024.

BTR1 preparation status

- BTR1 development under the GEF funded UNDP project is entrusted to the Hydrometeorology and Monitoring Center which is operating under Ministry of Environment.
- BTR1 preparation is underway to be finalized by the end of 2025.
 - GHG Inventory is developed for 1990-2022
 - LEAP model built for Armenia energy system will be updated with measures scenario
- NDC Partner Support Coordination Plan summarized information on climate policy and project-level measures in a living results framework for the timeframe until 2035 as of 2024.
- Regulatory framework developed under CBIT1 contributed to the GHG data and mitigation and support received data collection.

Progression in Relation to NDC 2.0

- Revision of economy-wide GHG emission reduction target:
 - Setting GHG emission reduction targets for emitter sectors
 - Inclusion of non-GHG targets
- Integrated implementation plan and financing strategy
- Enhanced Adaptation
- Monitoring and Evaluation framework with enhanced list of indicators
- Broader stakeholder consultations, including local communities, youth, women, and vulnerable groups (focus group discussion per sectors)

Mapping exercise

Survey of NDC 3.0 support across UN entities led by UNDP was conducted in 2024 for formulation of UN-Government workplan

The mapping exercise include following information:

- Type of support being offered for NDC enhancement
- Method of delivery
- Sector and thematic focus of support
- How this responds to the outcomes of the GST
- Timing, geographic scope, part of global/regional initiative, jointly delivered with partners
- Support on NDC implementation – scope, timing, etc
- Focal point contacts

Name of UN agency	Type of support being offered for NDC Enhancement	If "other" provide more information	Method of delivery of support	If "other" provide more information	Sector of Support (based on IPCC working groups)	If "multi-sectoral" or other" provide more information	Thematic area of support	If "other" provide more information	Support responds to outcomes of the GST	Timing for support	Geographical scope of support
Source of funding of support	Is the support part of a regional or global program?	If "yes" provide name and e-mail address of regional or global focal point	If the support is going to be jointly delivered with another UN or Non-UN agency, enter name of agency /ies	Additional information on Support and how it contributes to an enhanced NDC, as relevant	Name of Focal point for the delivery of the support	Title of Focal point for the delivery of the support	E-mail address of Focal point for the delivery of the support	Phone number of Focal Point for the delivery of the support	If you are offering support on NDC implementation, enter information here.	Timing of NDC implementation support	

THANK YOU
