The **Capacity-building Initiative for Transparency – Global Support Programme (CBIT-GSP)** is a global transparency support programme, funded by the Global Environment Facility (**GEF**), implemented by the United Nations Environment Programme (**UNEP**), and executed by the UNEP Copenhagen Climate Centre (**UNEP-CCC**).

CBIT-GSP provides support to developing countries in the transition to the Enhanced Transparency Framework (ETF) and its Biennial Transparency Reports under the Paris Agreement through multiple support modalities.

One of its support modalities is through **knowledge products**, including good practice briefs and guidance documents:

- National Inventory Document Template (in English and Spanish)

- **Preparing the adaptation chapter of biennial transparency reports: A template for countries**
