Project Work Plan for 2023: global, regional and national  
activities on capacity building for transparency for the  
Pacific Region

**Inception Workshop**

**28 February 2023**

## Approach for the development of the AWP-2023

- **Development of the Work Plan for 2023 for the Pacific Region** is based on:
  - Key findings and priorities determined in the assessment report for transparency
  - Bilateral online meetings with country representatives (will be carried out)
  - Desk-top study
- The Work Plan is a **live document** with the possibility to merge the events with other networks and synchronize with activities of other partners
- **All dates** for the events **are tentative** and dependent on the resources
- **The Work Plan** envisages only those **activities** which are planned **for 2023**
- Additional activities might be added based on ad-hoc requests from countries
